

Wow! The weather has been pretty terrific lately, I hope that you have had a chance to take in the beauty that surrounds us in whatever way you like best. We have finished getting our office back into order after the last 3 months of events and are looking towards our annual Banquet next month that will be held on October 16th. We are happy to partner with the American Legion as a location again this year and the invitations will be going out soon. We will be saying goodbye to some very valued Board members, and I appreciate their efforts during their time with me as one of my directors. What that means, is we have some open seats to fill. So, you may be asking yourself what are the functions of a Chamber Board Director? There are 1-year or 3-year terms available, we do require that you are either currently a member or willing to become a member to hold your seat. You will be asked to be part of event committees where your best life and work experiences can be used to help coordinate & execute such events, which, in turn, brings people and increased business to our town. The success of our Chamber is dependent on people willing to be involved and active in our community so we can progress to the very best version of ourselves. There are monthly meetings you will also be asked to attend & should be ready to volunteer and recruit for events and other activities hosted by or co-sponsored by the Chamber. Feel free to contact me at the Chamber if you would like more details about becoming a Board member.
